Part I

GENERAL PROVISIONS

§ 1. Purpose of Education Act

The purpose of the Education Act is to provide legal basis for the formation, functioning and development of the education system.

§ 1¹. Application of Administrative Procedure Act

The provisions of the Administrative Procedure Act apply to administrative proceedings prescribed in this Act, taking account of the specifications provided for in this Act.
[RT I 2002, 61, 375 – entry into force 01.08.2002]

§ 2. Definitions, objectives and levels of education

(1) For the purposes of this Act, education is a system of knowledge, skills, experience, values and behavioural norms which is determined by curricula, which is recognised by society and the acquisition of which is controlled by society.

(2) The fundamental principles of education are based on the recognition of universal and national values, freedom of the individual, religion and conscience.

(3) The objectives of education are to:

- 1) create favourable conditions for the development of the individual, the family and the Estonian nation, also for ethnic minorities, and economic, political and cultural life in Estonian society and also nature conservation, within the context of the global economy and global culture;
- 2) shape individuals who respect and abide by the law;
- 3) create opportunities for everyone to engage in lifelong learning.

(4) According to its objectives, education is divided into general education, vocational education and hobby education.

[RT I 2007, 4, 19 – entry into force 01.09.2007]

(5) Education has the following levels:

- 1) pre-school education;
- 2) basic education (first level of education);
- 3) secondary education (second level of education);
- 4) higher education (third level of education).

(6) Requirements, called national standards of education, shall be determined for each level of education. The national standards of education shall be set out in national curricula.
[RT I 2010, 41, 240 – entry into force 01.09.2010]

§ 3. Education system

- (1) The education system is comprised of two subsystems:
- 1) education devised on the basis of the objectives and levels of education;
 - 2) educational institutions as organisations responsible for implementing the objectives of education.

(2) Preschool child care institutions, basic schools, upper secondary schools, vocational educational institutions, institutions of professional higher education, universities, hobby schools and continuing education institutions, including the research and methodology institutions which provide services to them, are above all educational institutions.

[RT I, 23.03.2015, 5 - entry into force 01.07.2015]

(3) State and municipal educational institutions, except universities, shall be called public educational institutions.

§ 4. Principles of organisation of education system

(1) The state and local governments shall ensure that everyone in Estonia has the opportunity to fulfil the obligation to attend school and the opportunity to engage in lifelong learning, under the conditions and pursuant to the procedure prescribed by legislation.

(2) Within the territory of Estonia, the state and local governments shall ensure that opportunities exist for the acquisition of education in Estonian at all levels of education in public educational institutions and universities.

(3) The Republic of Estonia shall ensure that the Estonian language is taught in all public educational institutions and study groups where instruction is carried out in a language other than Estonian.

(4) [Repealed - RT I 2010, 41, 240 – entry into force 01.09.2010]

(5) The structure of the education system, along with the national standards of education, shall provide opportunities for everyone to move from one level of education to the next.

(6) The management of the financial affairs of educational institutions shall be separate from pedagogical supervision and control.

(7) The acquisition of secondary education in public educational institutions shall be free of any tuition fees.

(8) Forms of study undertaken in an educational institution shall be determined by law or the statutes of the educational institution.

(9) The education system shall be managed on the basis of the principle of reasonable decentralisation.

(10) The head of an educational institution shall be responsible for the activities of an educational institution, including for the organisation and efficacy of study.

[RT I, 11.07.2013, 1 – entry into force 01.09.2013]

Part II MANAGEMENT OF EDUCATION SYSTEM

§ 5. Extent of authority of legislative and executive power

- (1) The Riigikogu has the exclusive authority to:
- 1) determine the principles of the formation, functioning and development of the education system;
 - 2) establish tuition fees in public educational institutions and universities in public law;
 - 3) decide on the establishment, merger, division and termination of the activities of universities in public law.

(2) The Government of the Republic has the authority to:

- 1) adopt national education development programmes and provide guarantees for the implementation thereof;
- 2) establish the procedure for the establishment and reorganisation of public educational institutions and for termination of their activities;

[RT I, 23.03.2015, 5 - entry into force 01.07.2015]

- 3) establish the tuition fees and rates for public educational institutions and universities in public law, and the procedure for remuneration;
- 4) establish the maximum rate for study loans secured by the state;
[RT I 2009, 35, 232 – entry into force 01.07.2009]
- 5) establish state concessions and benefits, including credit concessions, for pupils, students and educators;
- 6) [Repealed - RT I 2010, 41, 240 – entry into force 01.09.2010]
- 7) establish the Standard of Higher Education;
- 7¹) approve the framework requirements for teacher training;
- 8) [Repealed - RT I 2008, 34, 208 – entry into force 01.09.2008]
