Chapter 5 CONTROL OF CONCENTRATIONS

[RT I 2006, 25, 186 - entry into force 01.07.2006]

§ 19. Concentration

(1) Concentration is deemed to arise where:

- 1) previously independent undertakings merge within the meaning of the Commercial Code or parts of undertakings are merged;
- 2) an undertaking acquires control of the whole or a part of another undertaking, or of several undertakings or parts thereof;
- 3) undertakings jointly acquire control of the whole or a part of another undertaking, or of several undertakings or parts thereof;

- 5) several natural persons already controlling at least one undertaking jointly acquire control of the whole or a part of another undertaking, or of several undertakings or parts thereof.

(2) The joint creation, by persons specified in clauses (1) 3) and 5) of this section, of a new undertaking performing on a lasting and independent basis is also deemed to be acquisition of control within the meaning of clauses (1) 3) and 5) of this section.

(3) For the purposes of this Chapter, a part of an undertaking is the assets of the undertaking or an organisationally independent part of the undertaking, including an enterprise or plant which constitutes a basis for business activities and to which turnover on the goods market can be clearly attributed.

(4) The following is not deemed to be concentration:

- 1) transactions specified in subsection (1) of this section if they are carried out as an internal restructuring of a group of undertakings;
- 2) if credit institutions, financial institutions or insurers temporarily acquire, for their own account or for the account of others, securities in an undertaking with a view to reselling them, provided that they do not exercise voting rights in respect of those securities with a view to determining the competitive behaviour of the undertaking which issued the securities and provided that they exercise such voting rights only with a view to preparing the sale of the securities or the undertaking or a part thereof and that any such sale takes place within one year of the date of acquisition;
- 3) if control is acquired by a duly authorised person in accordance with the Acts which relate to liquidation, compulsory dissolution, insolvency or other similar proceedings;
- 4) if the actions specified in clauses (1) 2) or 3) of this section are carried out by undertakings whose sole business objective is to acquire and take possession of holdings in other undertakings in order to maintain the value of the investment, provided that the voting rights connected to the holdings are, above all, used in matters related to the appointment of the members of the management and supervisory bodies of such undertakings and not in order to determine, directly or indirectly, the behaviour of the undertakings which influences competition.

(5) If, based on the principle of reasonableness, the sale specified in clause (4) 2) of this section is not possible within one year, the Competition Authority may extend the term by a decision on the basis of a reasoned application made by the person.

[RT I 2007, 66, 408 - entry into force 01.01.2008]

§ 20. Parties to concentration

(1) A concentration shall be subject to control by the Competition Authority if, during the previous financial year, the aggregate turnover in Estonia of the parties to the concentration exceeded 6,000,000 euros and the aggregate turnover in Estonia of each of at least two parties to the concentration exceeded 2,000,000 euros.

[RT I, 30.12.2014, 2 - entry into force 01.01.2015]

(2) A concentration is not controlled by the Competition Authority if the concentration is subject to control pursuant to Council Regulation 139/2004/EC on the control of concentrations between undertakings (OJ L 24, 29.01.2004, pp. 1–22), unless the European Commission appoints, pursuant to Article 9 of such Regulation, the Competition Authority as the authority competent to exercise control over the concentration.

[RT I 2006, 25, 186 - entry into force 01.07.2006]

§ 22. Appraisal of concentrations

(1) Appraisal of a concentration shall be based on the need to maintain and develop competition, taking into account the structure of goods markets and the actual and potential competition in the goods market, including:

- 1) the market position of the parties to the concentration and their economic and financial power and opportunities for competitors to access the goods market;

- 2) legal and other barriers to entry into the goods market;
- 3) supply and demand trends for the relevant goods;
- 4) the interests of the buyers, sellers and consumers.

(2) If the concentration specified in subsection clauses 19 (1) 1), 3) or 5) or subsection 19 (2) of this Act has as its object or effect the co-ordination of the behaviour of undertakings which influences or is likely to influence competition, compliance of such activity with the conditions provided in subsection 4 (1) and subsection 6 (1) shall also be appraised. The appraisal shall be based, above all, on the following:

- 1) whether two or more undertakings who have created a joint venture will continue, to a material extent, their activities in the same goods market as the joint venture, or in the previous or following affected market, or in another market connected to such goods market;
- 2) whether the co-ordination of behaviour which is the direct result of the creation of the joint venture gives the undertakings which created the joint venture an opportunity to eliminate competition in the goods market or a significant part thereof.

(3) The Competition Authority shall prohibit a concentration if it is likely to significantly restrict competition in the goods market above all, by creating or strengthening a dominant position.

[RT I 2007, 66, 408 - entry into force 01.01.2008]

(4) The Competition Authority shall prohibit a concentration specified in subsection (2) based on subsection (3) of this section, or in the event the concentration does not meet the conditions provided in subsection 6 (1) of this Act.

[RT I 2007, 66, 408 - entry into force 01.01.2008]

§ 23. Turnover of parties to concentration

(1) The turnover of a party to a concentration is comprised of the returns on the goods sold by the party to the concentration during the financial year preceding the concentration, calculated pursuant to the guidelines for calculating turnover established on the basis of subsection 24 (8) of this Act.

(2) The turnover in Estonia of a party to a concentration is obtained as a result of sale of goods to buyers within the territory of Estonia.

(3) The turnover of a credit or financial institution is deemed to comprise the total amount of the following income items after deduction of value added tax and income tax:

- 1) interest income;
- 2) income from financial investments;
- 3) income from service charges;

(4) The turnover in Estonia of credit and financial institutions consists of the income earned by a credit or financial institution established in Estonia, or an Estonian branch of a foreign credit or financial institution.

(5) The turnover of an insurer is deemed to comprise the value of the gross insurance premiums which includes all insurance premiums received and receivable in respect of insurance contracts issued by or on behalf of the insurer, including outgoing reinsurance premiums after deduction of the taxes and other fees and payments to be paid on individual insurance premiums or the total volume of insurance premiums.

[RT I 2006, 25, 186 - entry into force 01.07.2006]

§ 24. Calculation of turnover

(1) The turnover of a party to a concentration specified in subsection 21 (1) of this Act shall be calculated by totalling the turnovers of the following undertakings:

- 1) the party to the concentration;
- 2) an undertaking or undertakings controlled by the party to the concentration;
- 3) an undertaking or undertakings controlling the party to the concentration;
- 4) an undertaking or undertakings controlled by an undertaking specified in clause 3) of this subsection;
- 5) an undertaking or undertakings jointly controlled by two or more of the undertakings specified in clauses 1)-4) of this subsection.

(2) If control over an undertaking is acquired in the manner provided for in clauses 19 (1) 2)–5) of this Act, the turnover of the undertaking shall be calculated by taking into account only the turnover of that undertaking and the turnovers of the undertakings controlled by the undertaking.

(3) If control over a part of an undertaking is acquired in the manner provided for in clauses 19 (1) 2)–5) of this Act, the turnover of the undertaking shall be calculated by taking into account the turnover of only the part of the undertaking which is the subject of the transaction.

(4) If control over an undertaking is acquired in the manner provided by subsection 19 (2) of this section, the turnovers of the undertakings which jointly create a new undertaking shall be taken account of upon calculating the turnover.

(5) The turnover of a party to a concentration does not include the sale of goods effected between undertakings which belong to the same group.

(6) If a concentration comprises acquisition of control by the same natural persons or undertakings of parts of one or several undertakings through two or several transactions conducted within a period of two years, such transactions are deemed to be one and the same concentration and the date of the last transaction is deemed to be the date of such concentration. Upon calculation, in the case of such concentration, of the turnover of the parts over which control is being acquired, the turnover of all the parts which were the objects of the transactions during the preceding two years shall be taken into account but at the same time, the turnover of the corresponding parts shall not be taken account of upon calculation of the turnover of the natural persons or undertakings acquiring control.

(7) If, within the preceding two years one and the same undertaking or an undertaking belonging to the same group has acquired control of parts of an undertaking or undertakings which operate within one and the same sector of economy in Estonia, the turnover of the undertaking over which control is acquired shall include the turnover of the undertakings over which control has been acquired within the two years preceding concentration.

(8) The guidelines for the calculation of turnover shall be established by a regulation of the minister responsible for the area. The regulation shall provide the procedure for the calculation of the turnover and may prescribe different methods for calculation of the turnover of parties to a concentration which operate in different sectors of economy.

[RT I 2006, 25, 186 - entry into force 01.07.2006]
